

Setting the Standards for
Home Energy Efficiency

Amendment: Chapter Nine; RESNET NATIONAL STANDARD FOR QUALITY ASSURANCE

Proponent:

RESNET Quality Assurance Committee

Applies to:

Mortgage Industry National Home Energy Rating Systems Standards (2013)
Addendum 6, Section 903.3

Proposed Amendment

903.3 An accredited QA Provider has the right to challenge the findings of a RESNET Quality Assurance reviewer. ~~for cause The challenge shall be by submitting, in writing to the RESNET Executive Director the details of their challenge. The Appeals Procedures in Section 913 [Addendum 6] shall apply to the submission and consideration of a Provider's challenge to Quality Assurance findings.~~

Effective Date: 30 days after adoption by RESNET Standards Management Board

Rationale:

The current section provides no guidance on how a challenge should be presented and reviewed. Referring to Section 913 addresses this. The term "for cause" has legal implications not germane to this section.
