Proponent: RESNET Board of Directors

Applies to:

*2006 Mortgage Industry National Home Energy Rating Standards Section
206.1.2.1*

Interpretation: Complete a Minimum of Two Ratings in the Presence of a Trainer

Of the two required ratings in this section at least one should be a confirmed rating.

Rationale:

Removes the ambiguity over the definition of “two ratings in the presence of a trainer”.

The field training and testing component is one of the most important elements in ensuring a rater candidate can produce an accurate rating of a home.
